

OUR POLICY

To promote service to the Christian revelation of God, loyalty to the Australian Constitutional Monarchy, and maximum co-operation between subjects of the Crown Commonwealth of Nations.

To defend the free Society and its institutions — private property, consumer control of production through genuine competitive enterprise, and limited, decentralised government.

To promote financial policies which will reduce taxation, eliminate debt, and make possible material security for all with greater leisure time for cultural activities.

To oppose all forms of monopoly, either described as public or private.

To encourage all electors always to record a responsible vote in all elections.

To support all policies genuinely concerned with conserving and protecting natural resources, including the soil, and an environment reflecting natural (God's) laws, against policies of rape and waste.

To oppose all policies eroding national sovereignty, and to promote a closer relationship between the peoples of the Crown Commonwealth and those of the United States of America, who share a common Heritage.

The League Prayer

Lord God Almighty, we humbly ask Thy blessing on the work of the League.

That all activities engaged in may be under the direction of the Holy Spirit.

To this end, help us all to be Thy faithful and obedient servants.

In the name of Jesus Christ our Lord. Amen.
