

“Last calls for Action to defeat the Voice referendum”.

The best kept secret reckons voting day will be October 14, only 6 weeks away. It is imperative that all efforts are directed to smashing the plan to change our Constitution. A narrow defeat will invite further attempts to sabotage our Book of Rules.
The book ***Red over Black*** has told us of the total plan to follow the Voice with a Treaty, Truth Telling and finally, parts of Australia set aside as a Black State. As much as the proponents of the Voice either deny or blur this aspect, it is there for those who care to look.

We all have a Voice - it is through our elected MP. Any special additional Voice for any group of Australians will cause outright division.
Make a special effort to defeat the Voice by **copying** the enclosed leaflet and spreading wherever possible. Social media, shop counters (with permission), markets, car windscreens, letterboxes etc.
With 20% of voters’ undecided, we could see a wave of them supporting Yes which would give it victory. Expect strong advertising for Yes as voting day nears.
Some “push-back” here might trigger greater moves against the current tide against traditional values.
Be part of the success.
