

OUR POLICY

To promote service to the Christian revelation of God, loyalty to the Australian Constitutional Monarchy, and maximum co-operation between subjects of the Crown Commonwealth of Nations.

To defend the free Society and its institutions — private property, consumer control of production through genuine, competitive enterprise, and limited, decentralised government.

To promote financial policies which will reduce taxation, eliminate debt, and make possible material security for all with greater leisure time for cultural activities.

To oppose all forms of monopoly, either described as public or private.

To encourage all electors always to record a responsible vote in all elections.

To support all policies genuinely concerned with conserving and protecting natural resources, including the soil, and an environment reflecting natural (God's) laws, against policies of rape and waste.

To oppose all policies eroding national sovereignty, and to promote a closer relationship between the peoples of the Crown Commonwealth and those of the United States of America, who share a common Heritage.

THE AUSTRALIAN LEAGUE OF RIGHTS

THE LEAGUE'S FREEDOM PROGRAM

No political movement can exist in a moral vacuum, and Australians have traditionally accepted that it was the Christian Faith that generated our rich cultural heritage .

The League of Rights seeks to help create a body of dedicated men and women who serve, not for their own material gain, but encourages and equips individuals to independently exercise their own initiative in the service of freedom.

KITCHEN TABLE MEETINGS

The Australian League of Rights is a Christian-based service movement, that unreservedly accepts the Christian Law of Love. It does not seek political power, but is a type of political watchdog, equipped to warn the individual about Threats to Rights and Freedoms, Irrespective of the Label.

In the past few years, in addition to the familiar *On Target* and *New Times Survey* publications, books and DVD's we provide, we are now proficient with internet-streaming 'Broadcasts and Podcasts'. The recorded 'events' are then uploaded for later viewing and listening.

Long time Social Credit supporters, who have a wealth of knowledge and understanding on 'Douglas Social Credit: The Policy of Freedom', have recorded many valuable lessons. Other topics include 'Family, Health, Community and Local Government'.

A recent series of Kitchen Table Meetings has been conducted in WA, Victoria & NSW based on the manipulation of news and opinions and how to counter it, which shows what is possible within a vibrant and dynamic community. These Kitchen Table Meetings are scheduled to run imminently across the other states in Australia. Don't miss out.

Contact HO for further details in your area.

Democracy in the unarguable sense of the word means the rule of the people - that is, a system in which the people are truly in charge of their daily lives and can influence the course of their own historical fate. There is nothing of the sort in Russia today - Isayevich (Aleksandr) Solzhenitsyn

The development of these Kitchen Table Meetings is specifically tailored towards empowering 'individuals and communities' - for them to be equipped to independently exercise their own initiative in the service of freedom.

Responsible Voter, Responsible Politician

Australia can only ever be a vibrant and dynamic democracy while there are sufficient 'individuals and communities' robustly engaging and holding to account locally the 'bureaucracy' and 'politicians secure within their political parties' or appointments.

This responsibility for action is unavoidable if we are to remain a free and vibrant people and not allow the Left-Right dialectical conflict to lead us towards a totalitarian dictatorship **.

You see, the Vote does not end on election day, it continues all year round. Most political power must reside with the individual.

As Solzhenitsyn said 1997, equally valid today: ***"We will influence the course of our own historical fate"***

Our staff are able to provide in-depth training for you to regularly hold your own 'Kitchen Table Meetings' and localised action-workshop.

Contact our Head Office for training.

Those who participate in these Kitchen Table Meetings will appreciate the empowering and uplifting 'skills' brought about by the Responsible Voter pursuing a Responsible Vote, to hold to account the Responsible Bureaucrat / Politician - in pursuit of the **Policy of Freedom**.
