

OUR POLICY

To promote service to the Christian revelation of God, loyalty to the Australian Constitutional Monarchy, and maximum co-operation between subjects of the Crown Commonwealth of Nations.

To defend the free Society and its institutions — private property, consumer control of production through genuine, competitive enterprise, and limited, decentralised government.

To promote financial policies which will reduce taxation, eliminate debt, and make possible material security for all with greater leisure time for cultural activities.

To oppose all forms of monopoly, either described as public or private.

To encourage all electors always to record a responsible vote in all elections.

To support all policies genuinely concerned with conserving and protecting natural resources, including the soil, and an environment reflecting natural (God's) laws, against policies of rape and waste.

To oppose all policies eroding national sovereignty, and to promote a closer relationship between the peoples of the Crown Commonwealth and those of the United States of America, who share a common Heritage.

alor.org is our main website and repository of the Libraries and Archives, sourced from our publications and other historical documents of the Social Credit and Freedom Movements across the past 100 years.

An excellent research resource

blog.alor.org - a host of regular writers contribute commentaries on events from around the globe.

thecross-roads.org - our Broadcast forums specifically relating to 'protecting and advancing our freedoms' and 'limiting bureaucratic lawlessness' with a 'tendency towards totalitarian government', by 'empowering the individual to act responsibly in their own area'. To be that voice to unify under our 'Limiting Constitutional Monarchy' as 'Representative Government'. To serve but, not necessarily be served.

THE AUSTRALIAN LEAGUE OF RIGHTS

THE LEAGUE'S FREEDOM PROGRAM

No political movement can exist in a moral vacuum, and Australians have traditionally accepted that it is the Christian Faith that generates our rich cultural heritage.

The League of Rights seeks to help create a body of dedicated men and women who serve, not for their own material gain, but encourages and equips individuals to independently exercise their own initiative in the service of freedom.

Service Movement

The Australian League of Rights is a Christian-based service movement, that unreservedly accepts the Christian Law of Love. It does not seek political power, but is a type of political watchdog, equipped to warn the individual about Threats to Rights and Freedoms, Irrespective of the Label.

In the past few years, in addition to the familiar *On Target* and *New Times Survey* publications, books and DVD's we provide, we are now proficient with internet 'Broadcasts' and Podcasts'. The recorded 'events' are then uploaded for later viewing and listening.

Long time Douglas Social Credit supporters, who have a wealth of knowledge and understanding on 'Douglas Social Credit: The Policy of Freedom', have recorded many valuable commentaries.

Other topics include 'Family, Health, Community and Local, State, Fed. Constitutional Government'. A recent series of Kitchen Table Meetings has been conducted across all States based on the manipulation of news and information, and how to counter the propaganda, which shows what is possible within a vibrant and dynamic community. Kitchen Table Meetings are held annually across all states. Don't miss out. Contact HO to book.

Democracy in the unarguable sense of the word means the rule of the people - that is, a system in which the people are truly in charge of their daily lives and can influence the course of their own historical fate. There is nothing of the sort in Russia today - Isayevich (Aleksandr) Solzhenitsyn

The development of the Kitchen Table Meetings is specifically tailored towards empowering 'individuals and communities' - to independently exercise their own initiative in the service of freedom.

Social Dynamics Training, OR Freedom Potentials 2-Day Workshop

Australia can only ever be a vibrant and dynamic democracy while there are sufficient 'individuals and communities' robustly engaging and holding to account the 'bureaucracy' and 'politicians secure within their appointments or political parties'. Personal responsibility for training and action is unavoidable if we are to remain a free and vibrant people and not allow the Left-Right dialectical debate to lead us into a totalitarian dictatorship **. You see, the Vote is only one political mechanism which does not end on election day, it continues all year. Exercising legitimate political power must reside with the individual acting within community. As Solzhenitsyn said in 1997, equally valid today:

"We will influence the course of our own historical fate"

Our staff are able to provide in-depth training for you to regularly hold your own 'Kitchen Table Meetings' and localised action-workshops.

Contact our Head Office for training.

Those who participate in these Training Programs will appreciate the empowering and uplifting 'skills' brought about with the Responsible Voter pursuing a Responsible Vote, to hold to account the Responsible Bureaucrat / Politician - in pursuit of the **Policy of Freedom**.
