

OUR POLICY

To promote service to the Christian revelation of God, loyalty to the Australian Constitutional Monarchy, and maximum co-operation between subjects of the Crown Commonwealth of Nations.

To defend the free Society and its institutions — private property, consumer control of production through genuine, competitive enterprise, and limited, decentralised government.

To promote financial policies which will reduce taxation, eliminate debt, and make possible material security for all with greater leisure time for cultural activities.

To oppose all forms of monopoly, either described as public or private.

To encourage all electors always to record a responsible vote in all elections.

To support all policies genuinely concerned with conserving and protecting natural resources, including the soil, and an environment reflecting natural (God's) laws, against policies of rape and waste.

To oppose all policies eroding national sovereignty, and to promote a closer relationship between the peoples of the Crown Commonwealth and those of the United States of America, who share a common Heritage.

THE AUSTRALIAN LEAGUE OF RIGHTS

THE LEAGUE'S FREEDOM PROGRAM

No political movement can exist in a moral vacuum, and Australians have traditionally accepted that it is the Christian Faith that generates our rich cultural heritage .

The League of Rights seeks to help create a body of dedicated men and women who serve, not for their own material gain, but encourages and equips individuals to independently exercise their own initiative in the service of freedom.

 Australia can only ever be a vibrant and dynamic
 democracy while there are sufficient 'individuals
 and communities' robustly engaging and holding
 to account the 'bureaucracy' and 'politicians secure
 within their appointments or political parties'.

You see, the Vote is only one political mechanism
 which does not end on election day, political
 engagement is required all year round. Exercising
 legitimate political power must reside with the
 individual acting within their own community.
 As Solzhenitsyn said in 1997, equally valid today:
*"We will influence the course
 of our own historical fate"*

Our staff are able to provide in-depth training
 for you to regularly hold your own 'Community
 Engagement Meetings' and 'Influencing Workshops'
Contact our Head Office for training updates.
 Training and Workshops are held annually across all
 states. Don't miss out. Contact HO to book.

Those who participate in these Training
 Programs will appreciate the empowering and
 uplifting 'skills' brought about with the Responsible
 Voter pursuing a Responsible Vote, to hold to
 account the Responsible Bureaucrat / Politician - in
 pursuit of the **Policy of Freedom.**
*** Geoffrey Dobbs - The Left, The Right and The Truth*

"To follow reason, however arduous be the way;
 to accept such truth as may be revealed to us,
 however unpalatable; to refuse to put a rose-pink
 veil between ourselves and reality; to see life as it
 really is, without flinching, and without finching
 to see oneself as one really is; this is the life for
 men, this is to be of the aristocracy of earth, let
 who will wear a crown or the mitre. As for the poor
 creatures who shrink from the cold blast of reality
 - those who must needs look at the world through
 drug-dimmed eyes, those for whom thought is too
 strenuous, and the truth too dangerous - leave them
 to their picture shows and their crooners and their
 comforting sermons and their games - sympathise
 with them if you will, pity them as much as you
 like, but - come out from among them! If I were on
 my deathbed, that would be my last word to young
 Australia". *Walter Murdoch - Australian scholar...*

A recent series of Training and Information Forums
 has been conducted around Australia based on the
 manipulation of news and information, and how
 to counter the propaganda, which shows what is
 possible within a vibrant and dynamic community.
 Training and Information Forums are specifically
 tailored towards empowering 'individuals and
 communities' - to independently exercise their own
 initiative in the service of freedom.

*Democracy in the unarguable sense of the
 word means the rule of the people - that is, a
 system in which the people are truly in charge of
 their daily lives and can influence the course of
 their own historical fate. There is nothing of the
 sort in Russia today -*
Isayevich (Aleksandr) Solzhenitsyn
