THE SOURCE AND TECHNOLOGY
OF ILLIGITIMATE POWER

Economics
A falsified science of economics and a fraudulent monetary system.

Religion
Massive support for aberrant trends which have the effect of secularising and politicising religion.

Agitation
Incitement and support of internal communist revolutionary activity

History
Falsification and suppression of history.

Science
Falsification of science, especially anthropology and psychology

Culture
Subversion of culture; literature, art, music, etc.; undermining of cultural institutions and traditions; church, family, nation, etc.

Mass Media
Ownership and control of main channels of access to the public mind.

Politics
A falsified science of economics and a fraudulent monetary system.

Internal Policy
Undermining of private enterprise capitalism; progressive state interference

Foreign Policy
Financial and technological support for Marxist regimes; hostility to all forms of nationalism and anti-communism.

The Centre
An illegitimate Money Power drawing its main strength from usury; a global usurocracy; the Super Capitalist-Communist-Zionist nexus.
